(T)

SPECIAL CONDITIONS

- 1. The charges apply to the ordering, installation, moving, changing and rearranging telephone service and other facilities up to and including the Utility's local loop demarcation point. (C)
(C)

At the customer's request, the Utility will terminate the requested service at points specified by the customer at the customer's expense. (N)
(N)

- 2. Multi-Element Service Charges for service connection, move and change, and in place connection charges are applied to individual and party line residence and business service and Semi-Public Coin Box Service (including PBX trunk access lines), except as otherwise shown. (T)
(T)
(T)

- 3. In compliance with conditions set forth in F.C.C. Rule No. 68, all installations, including the primary station, will be made on a jacked connection.

- 4. Charges shown in this schedule are based on work being performed during regularly scheduled working hours of the Utility's employees. Work performed with overtime labor costs will be performed at direct cost to the customer.

- 5. Application of element plan charges:

a. Service Ordering

The term Service Ordering means the charges that apply per customer request for work performed by the Utility in connection with receiving, recording, and processing of customer requests for service. (T)
(T)

- (1) Service Ordering (1)(a) 1. applies to each new and additional service (i.e. central office lines), supersedure of residence and business service, and reconnection of service.
- (2) Service Ordering (1)(a) 2. applies as indicated.

Except as otherwise shown, one service ordering charge applies to all applicable services ordered, installed, moved, or changed by the customer at the same time on the same service order. (T)

b. Central Office Connection Work

The term Central Office Connection Work means the work that applies to arranging an exchange line to provide service between the central office and the customer's premises.
