DIRECT INWARD DIALING (DID) SERVICE  
(Continued)

APPROVED

3. Conditions (Continued)

- b. The service includes central office switching equipment for in-dialing from the exchange and toll network directly to stations associated with customer premises equipment.
- c. The rates herein contemplate the use of standard Telephone Company equipment and serving arrangements and are in addition to rates and charges for the service with which it is furnished. When equipment or service of a special type is requested and provided, rates and charges are related to the costs involved to meet the individual requirements of each case.
- d. Operational characteristics of interface signals between the Telephone Company-provided connecting arrangements and the customer-provided equipment must conform to the rules and regulations the Telephone Company considers necessary to maintain proper standards of service.
- e. The Telephone Company shall not be responsible if changes in any of the equipment, operations, or procedures of the Company utilized in the provisioning of DID services render any facilities provided by the customer obsolete or require modification of such equipment or system, or otherwise affect its use or performance.
- f. Directory listings will be provided in accordance with the regulations of the "Directory Listings" section of this Tariff. DID numbers furnished herein are not entitled to free directory listings.
- g. Customer-provided equipment must be arranged by the customer to provide for the intercepting of assigned but unused station numbers.
- h. The customer being provided DID service will be responsible for all toll calls billed to the DID numbers.
