LEGAL REQUIREMENTS FOR REFUSAL OR DISCONTINUANCE OF SERVICE

California Public Utilities Commission's Decision No. 91188 in Case No. 4930, requires that each communications utility, operating under the jurisdiction of the Commission, include the provisions of the rule set forth in Appendix "B" of that decision as a part of the rules in the Utility's tariff schedules. Accordingly, Appendix "B" of Decision No. 91188, Case No. 4930, is quoted herein:

APPENDIX "B"

- "1. Any communications utility operating under the jurisdiction of this Commission shall refuse service to a new applicant, and shall disconnect existing service to a subscriber, upon receipt from any authorized official of a law enforcement agency of a writing, signed by a magistrate, as defined by Penal Code Sections 807 and 808, finding that probable cause exists to believe that the use made or to be made of the service is prohibited by law, or that the service is being or is to be used as an instrumentality, directly or indirectly, to violate or to assist in the violation of the law. Included in the magistrate's writing shall be a finding that there is probable cause to believe not only that the subject telephone facilities have been or are to be used in the commission or facilitation of illegal acts, but that the character of such acts is such that, absent immediate and summary action in the premises, significant dangers to public health, safety, or welfare will result."
- "2. Any person aggrieved by any action taken or threatened to be taken pursuant to this rule shall have the right to file a complaint with the Commission and may include therein a request for interim relief. The Commission shall schedule a public hearing on the complaint to be held within 20 calendar days of the filing of the complaint. The remedy provided by this rule shall be exclusive. No other action at law or in equity shall accrue against any communications utility because of, or as a result of, any matter or thing done or threatened to be done pursuant to the provisions of this rule."
- "3. If communications facilities have been physically disconnected by law enforcement officials at the premises where located, without central office disconnection, and if there is not presented to the communications utility the written finding of a magistrate, as specified in paragraph 1 of this rule, then upon written request of the subscriber the communications utility shall promptly restore such service."
