APPROVED

J.1 Key System Trunks²

A Key System trunk is a central office line that provides communications capacity between the serving central office and multiline communications switching equipment installed on the customer's premises that is arranged in such a manner that the station user has selective capability over which access line is connected to the station for incoming or outgoing calls.

J.2 Rates:

	Monthly Rate	Installation Charge	
1. Each Trunk.....	\$29.67 ¹	\$ 6.50	(I)
2. Tel-Touch calling service each trunk.....	\$ 3.00	\$ 6.00	

¹ The maximum allowable rate is \$29.67

² This service may only be provided based on available facilities. As the Company upgrades its network to fiber and VoIP, this service may no longer be available to new customers and is grandfathered to existing business customers served over fiber as of November 6, 2020. This service will continue to be available to all business customers who are served over other facilities such as copper.
