**K.2 DIRECT INWARD DIALING (DID) SERVICE<sup>(5)</sup>**

**A. General**

The Telephone Company will provide, subject to the availability of facilities, Direct Inward Dialing (DID) Service. DID Service provides for the completion of local and toll calls to associated station numbers without intermediate handling by an attendant.

**B. Rates**

- a. The rates and charges for central office trunk associated with Direct Inward Dialing (DID) Service are as found below:

	<u>Monthly Rate</u>	<u>NRC</u>
1. DID Facility Charge, Per Trunk	\$49.99(4)	(1)
2. DID Facility Charge, Per T1 System	(1)	(1)
3. DID Software Translation Charge, Per Trunk	N/A	\$50.00
4. DID Number Assignment Charge		\$25.00(2)
a. 1-100 numbers, per number rate	\$0.50	
b. 101+ numbers, per number rate	\$0.25(3)	

**C. Conditions**

1. The service is furnished subject to the availability of Central Office facilities and compatibility of customer-provided equipment.
2. The service includes central office switching equipment for in-dialing from the exchange and toll network directly to stations associated with customer premises equipment.

- (1) See associated DTS/DS1 and Service Connection Charge tariffs for the applicable rates.
- (2) Not applicable if installed with initial installation. Subsequent installations are subject to non-recurring costs.
- (3) The \$0.25 per number rate is applicable only on the 101+ numbers. The \$0.50 per number rate applies to the first 100 numbers purchased.
- (4) The maximum allowable rate is \$56.27.
- (5) This service may only be provided based on available facilities. As the Company upgrades its network to fiber and VoIP, this service may no longer be available to new customers and is grandfathered to existing business customers served over fiber as of November 6, 2020. This service will continue to be available to all business customers who are served over other facilities such as copper.

K.2 DIRECT INWARD DIALING (DID) SERVICE (Continued)

C. Conditions (Continued)

3. The rates herein contemplate the use of standard Telephone Company equipment and serving arrangements and are in addition to rates and charges for the service with which it is furnished. When equipment or service of a special type is requested and provided, rates and charges are related to the costs involved to meet the individual requirements of each case.
4. DID service provisioned on a T1 system (DTS/DS1) shall require a minimum of 10 channels to be utilized on the T1 system. Requests for DID service with less than 10 trunks will be provisioned on a per trunk basis.
5. Operational characteristics of interface signals between the Telephone Company-provided connecting arrangements and the customer-provided equipment must conform to the rules and regulations the Telephone Company considers necessary to maintain proper standards of service.
6. The Telephone Company shall not be responsible if changes in any of the equipment, operations, or procedures of the Company utilized in the provisioning of DID services render any facilities provided by the customer obsolete or require modification of such equipment or system, or otherwise affect its use or performance.
7. Directory listings will be provided in accordance with the regulations of the "Directory Listings" section of this Tariff. DID numbers furnished herein are not entitled to free directory listings.
8. Customer-provided equipment must be arranged by the customer to provide for the intercepting of assigned but unused station numbers.
9. The customer being provided DID service will be responsible for all toll calls billed to the DID numbers.
10. DID numbers will be sold in conjunction with services capable of DID translation.
11. These charges do not apply to paging companies.
12. The assignment of telephone numbers and the sequence of numbers assigned to a DID service is determined by the Company based on the rules established in FCC order 00-104. The customer may request a sequential block of numbers to be placed into service at a later date. Non-Recurring Charges for DID numbers may apply to recover the cost of reserving the numbers. Reserved numbers can only be held for a maximum of six months. After six months, the reserved numbers must be placed in service for that specific customer or the numbers will be categorized as available for use by other customers.

K.2 DIRECT INWARD DIALING (DID) SERVICE (Continued)

C. Conditions (Continued)

12. Where DID service is required on more than one group of trunks, each such group shall be considered as a separate trunk group. (T) (M)
13. The assignment of the telephone numbers and the sequence of numbers assigned to a DID service is at the discretion of the Company. The customer will request the block of numbers to be placed into service and the block of numbers to be held in reserve for future use. Rates and Charges for DID numbers will apply to both in-service and held-in-service numbers. Reserved numbers can only be held for a maximum of six months. After six months, the reserved numbers must be placed in service or no longer reserved by the Company per FCC 00-104. (T) (M)

K.3 IDENTIFIED OUTWARD DIALING (IOD) SERVICES <sup>(1)</sup>

A. General

1. The service includes central office equipment necessary for identification of outgoing toll messages and billing of toll messages by station number and is furnished subject to the on premise equipment being arranged for IOD Service.
2. The service must be provided on all direct outward dialing trunks in each of the toll message groups.
3. Where identified outward dialing is requested on more than one (1) group of trunks, each such group shall be considered as a separate IOD Service.
4. A minimum contract period of five (5) years shall apply with a basic termination charge reduced by 1/60<sup>th</sup> for each full month of service.
5. Customer provided equipment that must interface with the company provided equipment, either directly or indirectly, must conform to the operational characteristics of the company provided equipment.
6. A minimum monthly charge based upon the initial number of IOD trunks will apply.

Subsequent minimum charges are to be established when the trunks in a particular group arranged for IOD exceeds the previously established number of trunks by three (3) based upon the number of trunks in each group.

- (1) This service may only be provided based on available facilities. As the Company upgrades its network to fiber and VoIP, this service may no longer be available to new customers and is grandfathered to existing business customers served over fiber as of November 6, 2020.
