INTRALATA PRESUBSCRIPTION

INTRALATA PRESUBSCRIPTION

A. General

IntraLATA Presubscription is a procedure whereby a customer designates to the Telephone Company the carrier which the customer wishes to be the carrier of choice for intraLATA toll calls. Such calls are automatically directed to the designated carrier, without the need to use carrier access codes or additional dialing to direct the call to the designated carrier. IntraLATA presubscription does not prevent a customer, who has presubscribed to an intraLATA toll carrier, from using carrier access codes or additional dialing to direct calls to an alternative intraLATA toll carrier on a per call basis.

All intraLATA toll message calls are subject to IntraLATA Presubscription. An intraLATA toll message call is a completed call on the public switched network between the originating location and a terminating location within a given LATA, but outside the local service area of the originating location.

All 0- calls, calls to 1-HNPA-555-1212 or 555-1212, 411, 611, 911, Public Announcement Service calls (976-XXXX), and all local calls, including Extended Area Service (EAS) and Expanded Local Calling calls, are excluded from IntraLATA Presubscription. Calls using the 500, 700, 800 series, or 900 service access codes shall be routed in accordance with the North American Numbering Plan.

B. IntraLATA Presubscription Options

Option A: Customer may select any carrier choosing to provide intraLATA toll service as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option B: Customer may select no presubscribed carrier for intraLATA toll calls subject to presubscription which will require the customer to dial a carrier access code to route all intraLATA toll calls to the carrier of choice for each call.

C. Rules and Regulations

Customers of record as of the effective date of this tariff will retain their current dialing arrangements until they request that their dialing arrangements be changed.

Customers of record or new customers may select either Options A or B for intraLATA Presubscription.

Customers may change their Option and/or their presubscribed IntraLATA toll carrier at any time subject to charges specified in Paragraph D.2. below.

INTRALATA PRESUBSCRIPTION

INTRALATA PRESUBSCRIPTION CHARGES

A. Applications of Charges

Customers will be allowed to make an initial PIC free of charge during the first one hundred and eighty (180) days following the implementation date. After the initial PIC or the lapse of the first one hundred and eighty (180) day period, charges will be levied for each subsequent change of IntraLATA PIC, as set forth in the following paragraph.

New local service customers will be asked to select a carrier(s) for their intraLATA toll and interLATA calls subject to presubscription at the time they place on order with the Telephone Company for local exchange service. If the new customer is unable to make a selection, at that time, the new customer will be read a random listing of all available intraLATA toll carriers to aid their selection. If the new customer is still unable to make a selection, at that time, the Telephone Company will inform the new customer that he/she will be given ninety (90) days in which to inform the Telephone Company of an intraLATA toll presubscription carrier choice at no charge. The new customer will also be informed that the Telephone Company will assess the IntraLATA Presubscription Change Charge for any selections made after the ninety (90) day window and that until such a selection is made, the customer will be required to dial a carrier access code to route all intraLATA toll calls.

After a customer's initial selection for a presubscribed intraLATA toll carrier, for any change thereafter, an IntraLATA Presubscription Change Charge, as set forth in Paragraph D.2. will apply. The applicable presubscription charge for each interLATA PIC Change submitted is set forth in the National Exchange Carrier Association Tariff FCC No. 5, Section 13.4.

B. Non-recurring Charges

a. IntraLATA Presubscription Change Charge

Per business or residence line, trunk, or port

-- Initial line, trunk, or port \$1.25

b. Simultaneous IntraLATA and InterLATA Change Charge

Per business or residence line, trunk, or port

-- Initial line, trunk, or port \$0.62
