3.1 PUBLIC/SEMI-PUBLIC TELEPHONE SERVICE

A. Public Telephone Service

1. General

- a. A public telephone is an exchange telephone installed at the Telephone Company's initiative or at its option, at a location chosen or accepted by the Company as suitable and necessary for furnishing service to the general public.

2. Conditions

- a. Public telephones are installed for the use of the general public and any use by occupants of the premises in which they are located is incidental to this principal purpose.
- b. Public telephones may be equipped with coin collecting devices, except where attended service is provided. Standard type booths are furnished without charge where the character of the location is such as to make a booth necessary. In all cases the Telephone Company furnishes and installs the public telephones.
- c. Extension service is not furnished in connection with public telephones.
- d. Public telephones are not listed in the directory.
- e. Calls within the local service area are at the rate of 10 cents each.
- f. Where technically feasible, the Company's Premium Calling Area for the exchange where the Pay Telephone is located will determine the Premium Calling Area for users of the Pay Telephone. Calls made within this Premium Calling Area are charged at a flat rate of \$0.10 per call.

SPECIAL DIAL-TONE SERVICE ARRANGEMENTS

3.1 PUBLIC/SEMI-PUBLIC TELEPHONE SERVICE (Continued)

A. Public Telephone Service (Continued)

2. Conditions (Continued)

- g. Where technically feasible, Pay Telephone calls that are made to exchanges that are outside of the Premium Calling Area but are made to either a bordering exchange or a nonbordering exchange within 20 miles of the exchange within which the Pay Telephone is located, are charged \$0.25 for each 2 minutes, or portion thereof, for the duration of the call.
- h. Pay Telephone calls made outside of the Premium Calling Area that are made to either a bordering or nonbordering exchange more than 20 miles from the exchange within which the Pay Telephone is located, are charged at established rates.

B. Semi-Public Telephone Service

1. General

- a. Semi-public telephone service is furnished on a one-party line basis for the use of the customer and the general public.

2. Conditions

- a. There is a minimum charge of 10 cents per call.
- b. A monthly service charge will apply.
- c. Semi-public main telephones may be equipped with coin collecting devices permanently connected to the line at the customer's request.
- d. Booths are not furnished by the Telephone Company for use with semi-public telephone stations.
- e. The Telephone Company will furnish and install appropriate standard signs for display at semi-public telephone locations.
- f. Directory listings are furnished with semi-public telephone service and are always made available to the public.

8.7 MISCELLANEOUS CIRCUITS, EXTENSION AND TIE LINES

A. General

1. Extension lines and tie lines are provided when suitable facilities are and continue to be available.
2. Extension lines are furnished when the extension telephone is outside the building in which the associated main telephone is located. This is also referred to as an off-premise extension.
3. Extension lines and tie lines are designated to meet normal transmission and signaling requirements and will be furnished when practicable and where facility conditions permit. Tie line connections to central office trunk lines may be established at either end but not both ends simultaneously.
4. The type of circuit construction and its routing are at all times determined by the Telephone Company and ownership of such circuits shall remain vested in the Company.
5. Monthly charges for additional drop wire and multiple cable pair may be required.
