EXTENSION STATION⁽¹⁾

When an extension station or PBX station is located in a building separate and apart from that housing the main station, an additional charge applies to that portion of the line extending beyond the building in which the initial station is installed. This charge is computed on route measurement from the point of exit from the main building to the location of the extension instrument per each wire circuit as follows: (C)

Extension Station will only be provided where technically feasible and is subject to the availability of outside plant. (C)

For each ¼ mile or fraction thereof..... Monthly Charge \$1.45

⁽¹⁾ Extension Station provisioned in or through the Central Office is grandfathered to existing customers effective June 6, 2016. This service will not be available to new customers after this date. (C)

MILEAGE CHARGES (cont'd)

LEASED LINES

When available or when they can be conveniently provided at reasonable cost, the Telephone Company's wire facilities will be leased for private and special use to either the general public or other carriers under the following terms and conditions:

	<u>Monthly Charge</u>	
For each 1/4 mile or fraction thereof.....	\$1.45	(I)

The minimum monthly charge for any leased line or circuit is equivalent to the applied rate for 1/2 mile.

Charges for leased lines are computed on air line measurement between the respective terminals; terminals meaning the first and last points of contact with the Telephone Company's facilities.

(I) Indicates Increase
