### MISCELLANEOUS SERVICE ARRANGEMENTS

#### CONCURRENCE

Norway Telephone Company, Inc. d/b/a TDS Telecom hereby assents to, adopts and concurs in the Miscellaneous Service Arrangements as set forth in Section 10 of the McClellanville Telephone Company, Inc. d/b/a TDS Telecom tariff, on file with the South Carolina Public Service Commission, and makes itself a party thereto and obligates itself to observe the provisions therein with the exceptions listed below.

#### EXCEPTIONS

##### A. Extension Line Mileage

###### 1. General

- a. The basic rates for extension service are for such stations where are located on the same premises as the main station, PBX switchboard (for manual PBX systems), and PBX dial switching equipment (for Dial PBX systems). In the case of extension stations and PBX stations located on different premises, and for other circuit extensions of similar character, extension line mileage charges are applicable as set forth below, in addition to the basic rates.
- b. Where supporting structure is necessary for the purpose of furnishing extension lines on the customer's premises, such supporting structure is furnished by the customer as provided for in Section 5.
- c. When it is known or realized that the life of all or a part of the outside circuit extensions will be shorter than the normal life of the plant or the cost of providing the plant is such as to render inadequate the mileage charges quoted herein, the plant required to furnish such service will be provided on the basis of one of the following plans at the option of the customer.
  - 1) An installation charge and a reasonable and proper monthly carrying charge in lieu of mileage. Under this plan, where a portion of the facilities must be replaced at a later date due to having served its useful life, installation charges apply to the replacing facilities as if such facilities were installed new and appropriate adjustments are made in the monthly carrying charges.
  - 2) A reasonable and proper monthly carrying charge in lieu of mileage with an initial service period of ten years.
