

# GENERAL EXCHANGE TARIFF

ST. STEPHEN TELEPHONE COMPANY, INC.  
d/b/a TDS Telecom  
South Carolina

Section 9  
Original Sheet 1

## OPTIONAL SERVICES

### CONCURRENCE

St. Stephen Telephone Company, Inc. d/b/a TDS Telecom hereby assents to, adopts and concurs in the Optional Services as set forth in Section 9 of the McClellanville Telephone Company, Inc. TDS Telecom tariff, on file with the South Carolina Public Service Commission and makes itself a party thereto and obligates itself to observe the provisions therein with the exceptions listed below:

### EXCEPTIONS

#### A. Custom Calling Services

##### 1. Service Descriptions

###### a. 6-Way Calling

This service allows a customer to call up to five parties and establish a six-way conference call. To activate this service, the customer dials an access code, dials the desired telephone number (calling party must answer), depresses the switchhook to add the calling party to the line, then depresses the switchhook again to receive a new dial tone. If the called party line is busy or there is no answer, the customer must dial a special access code to drop the line. This process needs to be repeated until all parties (up to five) have been connected to the customer's line. All 6-Way Calls are subject to transmission limitations and all applicable local and long distance charges.

###### b. Personal Ringing

This service allows the customer to have two distinct telephone numbers on a single line. The second number will have a distinctive ringing pattern so the customer can identify which number has been called. If a customer also subscribes to Call Waiting, each phone number will have a distinctive Call Waiting tone. If a customer also subscribes to Call Forward, the main directory number or both telephone numbers can be forwarded.

##### 2. Rates

<u>One Service Per Line</u>	<u>Monthly Rate</u>		<u>Trans Code</u>	<u>Activation Code</u>	<u>Deactivation Code</u>
