II. **DEFINITIONS**

The definitions contained herein are in addition to the definitions set forth in WN U-3, which are hereby incorporated by reference. If there is any conflict in the definitions, the definitions set forth below shall control.

A. **9-1-1**

A three-digit telephone number to facilitate the reporting of an incident or situation requiring response by a public safety agency.

B. **9-1-1 SERVICE**

The 9-1-1 Service offered by the Company is one of two forms of service, 9-1-1 Basic Service or 9-1-1 Enhanced Service.

(C)
(C)

C. **9-1-1 BASIC SERVICE**

9-1-1 Basic Service provides for routing all 9-1-1 calls originated by stations with given central office prefix codes to a single PSAP, which is prepared to receive those calls via a 9-1-1 Service Line. 9-1-1 Basic Service will not be offered where E 9-1-1 is offered.

(N)
|
(N)

D. **9-1-1 ENHANCED SERVICE (E 9-1-1)**

9-1-1 Enhanced Service is 9-1-1 Service which includes ANI, Automatic Line Identification (ALI) and either Non-Selective Routing or Selective Routing.

(T)

E. **9-1-1 SERVICE AREA**

The geographic area in which the customer will respond to all 9-1-1 calls and dispatch appropriate emergency assistance.

III. CONDITIONS

- A. The Company shall not be required to provide 9-1-1 Service to less than an entire Central Office serving area.
- B. The Company does not answer and/or forward 9-1-1 calls. The Company furnishes the use of its facilities to enable the customer's personnel to receive such calls.
- C. The Company does not have a Serving Central Office. As a result, the Company does not provide Default Routing or Selective Routing.
- D. There will be no charge to the calling party by the Company for originating a 9-1-1 call.
- E. The calling party forfeits any privacy rights afforded by a non-published or non-listed service when placing a 9-1-1 call.
- F. If a 9-1-1 call is originated via a telecommunications company other than the Company or by any other Non-Company source such as an alternative operator provider, shared service provider, or by a cellular provider or any other radio based source (whether provided by the Company or not) the completeness and accuracy of the ANI and ALI information forwarded cannot be and will not be assured.
- G. The Company's 9-1-1 Service is limited to the transport of a 9-1-1 call from a caller to connection with the facilities of another LEC

which transports the 9-1-1 call to a PSAP.

- H. 9-1-1 Service is restricted to one-way service from the Company's CO to the facilities of another LEC. If the customer desires dedicated facilities from its PSAP to a response agency (Police, Fire, Emergency Medical, etc.) located in the Company's service territory, the customer must purchase those facilities out of the Company's special access tariff.
- I. Rates charged for 9-1-1 Service include normal monitoring of 9-1-1 dedicated facilities to discover errors, defects and malfunctions in the network, but do not include any additional monitoring. If available, the Company may provide additional inspection and monitoring of facilities for an additional charge upon customer request.
- J. Options for Diverse Routing will be reviewed at the time 9-1-1 Service is ordered and also at the annual anniversary of the provision of 9-1-1 Service. The Customer shall purchase sufficient facilities to allow a minimum level of Diverse Routing. Additional charges for Diverse Routing shall apply on an Individual Case Basis (ICB).
- K. The Company does not build or maintain the MSAG. The Company will provide information to the LEC building and maintaining the MSAG utilizing standard service addresses (i.e., house numbers, street names, and postal communities. Any disputes between a subscriber and customer as to standard service addresses are the customer's

- L. The rates and charges for 9-1-1 Service elements are based upon utilizing standard service addresses (i.e., house number, street names, and postal communities) in populating the DMS (Data Management System). The use of addressing which is not in this format will be at a price established on an Individual Case Basis (ICB).
- M. Routine MSAG changes will be made within two business days of receipt. Special or large volume changes and annexations may require more than two business days. Charges for customer-initiated changes and rearrangements affecting the subscriber's service address and ALI database records (e.g., street name and number changes, emergency services zone and name change, jurisdictional boundary changes and rearrangements, etc.) other than those processed in normal daily updates, will be based upon the actual cost for such changes and rearrangements. In such cases a valid comparative listing of changes must be supplied by the customer providing direct and individual references to existing designations.
- N. The Company will provide a range of Emergency Service Numbers (ESN) that are available for assignment by the customer. Customer requested changes to the ESN will be charged at actual cost.

- accounts in locations outside of their normal central office serving territory will require special procedures and will be provided at actual cost. Telephone lines terminated in locations outside of their central office territory may not be able to be served by normal 9-1-1 routing or ALI records. The Company will determine how this will be handled and advise the customer.
- P. The customer will process all 9-1-1 calls 24 hours per day, seven days per week, 52 weeks per year, that come in from the Company's facilities whether or not a specific 9-1-1 call is outside the customer's jurisdiction.
- Q. The 9-1-1 Service is not a replacement for a telephone number of the PSAP. The PSAP will have at least one 7-digit unlisted and one 7-digit listed number, each available 24 hours a day, for a total of two 7-digit numbers.
- R. Customer will make application for 9-1-1 service in writing. The customer or agent for the customer must provide satisfactory proof of appointment. 9-1-1 jurisdictional disputes between municipalities and/or counties and resolutions thereof are between the municipalities and/or counties and shall not be the responsibility of the Company.
- S. A PSAP may only reverse search the automatic location identification (ALI) database to secure information about lines from which 9-1-1 calls have been placed but the connection has been lost and to the extent authorized by WAC 480-120-350 as now enacted or hereafter amended.

Reverse search shall not be used for criminal or legal investigations or other non-emergency purposes.

- T. The customer must purchase 9-1-1 service elements contained within the tariff sufficient to maintain a P.01 grade of service. A minimum of two circuits is required between each Central Office and the Serving Central Office.
- U. Prior to dispatch, the PSAP attendant dispatcher will attempt to obtain the location of the incident from the caller. The address information maintained by the Company may not be the actual location of the caller's need.
- V. CPE must be compatible with the service furnished by the Company and the interface standards of the Company.
- W. The Company or customer shall each notify the other in the event one finds that the 9-1-1 Service is not functioning properly.
- X. The customer shall be billed monthly for payment of recurring charges in advance. The customer shall be billed for non-recurring charges after they have been incurred. Payments shall be made at the office of the Company or to an authorized collector of the Company. All bills are due and payable upon presentation and delinquent if not paid within 15 days from presentation. Late payments shall bear interest at one percent per month, pro-rated to date of payment. Service may be disconnected if payment is not received within sixty days of presentation of the bill.
