ASOTIN TELEPHONE COMPANY

I. DESCRIPTION

9-1-1 is the three-digit telephone number designated throughout the U.S. as the emergency telephone number to be used by the public to obtain law enforcement, medical, fire, rescue, and other emergency services.

The 9-1-1 Service available under this tariff is available in the territory served by the Company as shown on its maps, filed as Section III, Sheet No. 5 of tariff WN U-3.

II. DEFINITIONS

The definitions contained herein are in addition to the definitions set forth in WN U-3, which are hereby incorporated by reference. If there is any conflict in the definitions, the definitions set forth below shall control.

A. 9-1-1

A three digit telephone number to facilitate the reporting of an incident or situation requiring response by a public safety agency.

B. 9-1-1 Service

9-1-1 Service is one of two forms of service, 9-1-1 Basic Service or 9-1-1 Enhanced Service.

C. 9-1-1 Basic Service

9-1-1 Basic Service provides for routing all 9-1-1 calls originated by stations with given central office prefix codes to a single PSAP which is prepared to receive those calls via a 9-1-1 Service Line. 9-1-1 Basic Service will not be offered where E 9-1-1 is offered.

(C)
(C)

D. 9-1-1 ENHANCED SERVICE (E 9-1-1)

(T)

9-1-1 Enhanced Service is 9-1-1 Service which includes ANI, Automatic Line Identification (ALI), and either Non-Selective Routing or Selective Routing.

WN U-4

ORIGINAL SHEET NO. 5

ASOTIN TELEPHONE COMPANY

E. 9-1-1 SERVICE AREA

The geographic area in which the customer will respond to all 9-1-1 calls and dispatch appropriate emergency assistance.

F. 9-1-1 SERVICE LINE

A facility or facilities connecting a PSAP to its serving Central Office.

G. 9-1-1 TRANSPORT

A dedicated circuit between central offices or between the Company's CO and the facilities of another LEC servicing the PSAP for the provision of 9-1-1 Service.

H. 9-1-1 TRANSPORT TERMINATION

A connection at each end of the 9-1-1 Transport.

I. AUTOMATIC LOCATION IDENTIFICATION (ALI)

The automatic display at the PSAP of the caller's telephone number, the service address for the telephone line and supplementary information.

J. AUTOMATIC LOCATION IDENTIFICATION RECORDS

The telephone number, the service address for the telephone line, and Emergency Service Number (ESN), and supplementary information for display at a PSAP.

ASOTIN TELEPHONE COMPANY

K. AUTOMATIC LOCATION IDENTIFICATION STORAGE/
RETRIEVAL

Equipment and software used to store and retrieve ALI Records.

L. AUTOMATIC NUMBER IDENTIFICATION (ANI)

The feature by which the calling party's telephone number is forwarded to the customer's customer premises equipment for display.

M. CALLER

An individual who places a 9-1-1 call in an effort to request assistance of a public safety nature.

N. CENTRAL OFFICE (CO)

A company facility that houses the switching and trunking equipment serving telephones in a defined area.

O. CODE RECOGNITION

Enables a Central Office to accept 9-1-1 calls and direct them to 9-1-1 Transport.

P. COMPANY

Asotin Telephone Company.

ASOTIN TELEPHONE COMPANY

Q. CUSTOMER

Governmental unit or other entity authorized to receive and process 9-1-1 calls.

R. CUSTOMER PREMISES EQUIPMENT (CPE)

Terminal equipment at the PSAP.

S. DATA BASE

A collection of information organized in a computer to facilitate rapid search and retrieval. Data Bases include ALI, Master Street Address Guide (MSAG), Emergency Service Number (ESN), and subscriber line data.

T. DATA MANAGEMENT SYSTEM (DMS)

The combination of manual procedures and computer programs used to create, store, manipulate, and update data required to provide Selective Routing and ALI.

U. DEDICATED CIRCUIT

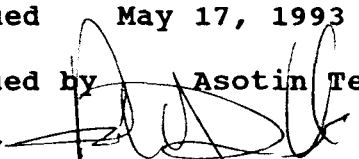

A telephone circuit used for one purpose only; e.g., transmission of 9-1-1 calls.

V. DEFAULT ROUTING

The capability to route a 9-1-1 call to a designated (default) PSAP when the incoming 9-1-1 call cannot be selectively routed due to an ANI failure, unreadable digits or other cause.

Issued May 17, 1993 Effective July 1, 1993

COMM. UT. & TRANS. CODE

WN U-4

ORIGINAL SHEET NO. 8

ASOTIN TELEPHONE COMPANY

W. DIVERSE ROUTING

The practice of routing calls through different circuit paths in an effort to prevent total loss of the 9-1-1 Service in the event an individual circuit is disabled.

X. EMERGENCY SERVICE NUMBER (ESN)

A number used in the DMS to designate the public safety agencies responsible for service to the location of each telephone number in a 9-1-1 Service area, for the purpose of determining call routing.

Y. END OFFICE

A central office which receives originating 9-1-1 calls.

Z. EXCHANGE

A defined area, served by one or more telephone central offices, within which the Company furnishes services.

AA. LEC

Local Exchange Telecommunications Company

BB. MASTER STREET ADDRESS GUIDE (MSAG)

A data base of street names and address ranges within their associated postal communities defining 9-1-1 Service Areas for 9-1-1 Enhanced Service.

Issued May 17, 1993 Effective July 1, 1993

Issued by Asotin Telephone Company

Title President

WN U-4

ORIGINAL SHEET NO. 9

ASOTIN TELEPHONE COMPANY

CC. NON-SELECTIVE ROUTING

The capability of routing 9-1-1 calls by the use of the NXX or trunk group.

DD. NXX

The first three digits of a local telephone number that identifies the central office switching location within its area code.

EE. P.01 GRADE OF SERVICE

A measure of emergency telephone service in which no more than one call in 100 attempts will receive a busy signal during the average busiest hour.

FF. PSAP ATTENDANT

A person responsible for answering incoming 9-1-1 calls at a PSAP, determining the action to be taken, and executing the PSAP's procedures in the disposition of such calls.

GG. PUBLIC SAFETY ANSWERING POINT (PSAP)

A facility equipped and staffed to receive 9-1-1 calls. A primary PSAP receives the calls directly. A secondary PSAP receives the 9-1-1 calls that are relayed or transferred from the primary PSAP.

Issued May 17, 1993 Effective July 1, 1993
Issued by Asotin Telephone Company
By Harald L. Kluis Title President

WN U-4

ORIGINAL SHEET NO. 10

ASOTIN TELEPHONE COMPANY

HH. REVERSE SEARCH

A query of the ALI database initiated at the PSAP to electronically obtain the ALI data associated with a known telephone number for purposes of handling an emergency call when that telephone number is not directly connected to the PSAP. It can also be used for an ANI failure on a telephone line that is connected to the PSAP.

II. SELECTIVE ROUTING

The capability of routing a 9-1-1 call to a designated PSAP based upon the location stored in a selective routing table based upon information stored in the ALI record.

JJ. SERVING CENTRAL OFFICE

The central office (CO) from which a PSAP is served.

KK. SUBSCRIBER

A person or business that orders access line service from a telephone company.

LL. SUBSCRIBER LINE DATA

The telephone number, service address for telephone line, and supplementary information for a subscriber for development and maintenance of ALI and MSAG.

ASOTIN TELEPHONE COMPANY

III. CONDITIONS

- A. The Company shall not be required to provide 9-1-1 Service to less than an entire Central Office serving area.
- B. The Company does not answer and/or forward 9-1-1 calls. The Company furnishes the use of its facilities to enable the customer's personnel to receive such calls.
- C. The Company does not have a Serving Central Office. As a result, the Company does not provide Default Routing or Selective Routing.
- D. There will be no charge to the calling party by the Company for originating a 9-1-1 call.
- E. The calling party forfeits any privacy rights afforded by a non-published or non-listed service when placing a 9-1-1 call.
- F. If a 9-1-1 call is originated via a telecommunications company other than the Company or by any other Non-Company source such as an alternative operator provider, or shared service provider, or by a cellular provider or any other radio based source (whether provided by the Company or not) the completeness and accuracy of the ANI and ALI information forwarded cannot be and will not be assured.
- G. The Company's 9-1-1 Service is limited to the transport of a 9-1-1 call from a caller to a public safety answering point (PSAP) or to

ORIGINAL SHEET NO. 12

ASOTIN TELEPHONE COMPANY

connection with the facilities of another LEC which transports the 9-1-1 call to a PSAP.

- H. The Company shall not provide more than one type of 9-1-1 Service per Central Office at any time, either Basic or Enhanced, but not both.
- I. 9-1-1 Service is restricted to one-way incoming service from the Company's CO to the facilities of another LEC. If the customer desires dedicated facilities from its PSAP to a response agency (Police, Fire, Emergency Medical, etc.) located in the Company's service territory, the customer must purchase those facilities out of the Company's special access tariff.
- J. Rates charged for 9-1-1 Service include normal monitoring of 9-1-1 dedicated facilities to discover errors, defects and malfunctions in the network, but do not include any additional monitoring. If available, the Company may provide additional inspection and monitoring of facilities for an additional charge upon customer request.
- K. Options for Diverse Routing will be reviewed at the time 9-1-1 Service is ordered and also at the annual anniversary of the provision of 9-1-1 Service. The customer shall purchase sufficient facilities to allow a minimum level of Diverse Routing. Additional charges for Diverse Routing shall apply on an Individual Case Basis (ICB).
- L. The Company may begin the MSAG preparation upon application from the customer when the customer provides assurance that: 1) 90% of the access

lines associated with the proposed Enhanced 9-1-1 system have standard service addressing (i.e., house numbers, street names, and postal communities), and 2) a plan to resolve the remaining 10% has been determined.

- M. The Company will provide information to the LEC which has the responsibility of building and maintaining the MSAG. Such information will utilize standard service addresses, i.e., house numbers, street names and postal communities. (C)
- N. The rates and charges for 9-1-1 Service elements are based upon utilizing standard service addresses (i.e. house number, street names, and postal communities) in populating the DMS (Data Management System). The use of addressing which is not in this format will be at a price established on an Individual Case Basis (ICB). (C)
- O. Routine MSAG changes will be made within two business days of receipt. Special or large volume changes and annexations may require more than two business days. Charges for customer-initiated changes and rearrangements affecting the subscriber's service address and ALI database records (e.g., street name and number changes, emergency services zone and name change, jurisdictional boundary changes and rearrangements, etc.,) other than those processed in normal daily updates, will be based upon the actual cost for such changes and rearrangements. In such cases a valid comparative listing of changes must be supplied by the customer providing direct and individual references to existing designations. (T)

- P. The Company will provide a range of Emergency Service Numbers (ESN) that are available for assignment by the customer. Customer requested changes to the ESN will be charged at actual cost.
- Q. The maintenance of the ALI database, as well as the 9-1-1 call routing, for those telephone accounts in locations outside of their normal central office serving territory will require special procedures. Telephone lines terminated in locations outside of their central office territory may not be able to be served by normal 9-1-1 routing or ALI records. The Company will determine how this will be handled and advise the customer.
- R. The customer will process all 9-1-1 calls 24 hours per day, 7 days per week, 52 weeks per year, that come in from the Company's facilities whether or not a specific 9-1-1 call is outside the customer's jurisdiction.
- S. The 9-1-1 Service is not a replacement for a telephone number of the PSAP. The PSAP will have at least one 7-digit unlisted and one 7-digit listed number, each available 24 hours a day, for a total of two 7-digit numbers.
- T. Customer will make application for 9-1-1 Service in writing. The customer or agent for the customer must provide satisfactory proof of appointment. 9-1-1 jurisdictional disputes between municipalities and/or counties and

resolutions thereof are between the municipalities and/or counties and shall not be the responsibility of the Company.

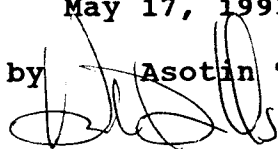

- U. A PSAP may only reverse search the automatic location identification (ALI) database to secure information about lines from which 9-1-1 calls have been placed but the connection is lost, and to the extent authorized by WAC 480-120-350 as now enacted or hereafter amended.

Reverse search shall not be used for criminal or legal investigations or other non-emergency purposes.

- V. The customer must purchase 9-1-1 Service elements contained within the tariff sufficient to maintain a P.01 grade of service. A minimum of two circuits is required between each Central Office and the Serving Central Office.
- W. Prior to dispatch, the PSAP attendant dispatcher will attempt to obtain the location of the incident from the caller. The address information maintained by the Company may not be the actual location of the caller's need.
- X. CPE must be compatible with the service furnished by the Company and the interface standards of the Company. The Company's interface standards will be forwarded to a customer upon request.
- Y. The Company or customer shall each notify the other in the event one finds that the 9-1-1 Service is not functioning properly.

- Z. The customer shall be billed monthly for payment of recurring charges in advance. The customer shall be billed for non-recurring charges after they have been incurred. Payments shall be made at the office of the Company or to an authorized collector of the Company. All bills are payable upon presentation and delinquent if not paid within 15 days from presentation. Late payments shall bear interest at one percent per month, prorated to date of payment. Service may be disconnected if payment is not received within sixty days of presentation of the bill.
- AA. 9-1-1 Service shall be temporarily interrupted for CO upgrades or updates. The Company shall try to keep such interruptions to a minimum.
- BB. Rules C.2 Customer Billing; C.4 Abuse or Fraudulent Use of Service; C.6 Termination of Service; C.11 Alterations; E.1 Furnishing of Service; E.2 Maintenance and Repair; E.4 Relocation or Rearrangement of Facilities; H. Complaints and Disputes; and I. Notices as set forth in the Company's tariff, WN U-3 shall apply.
- CC. For calls placed to a PSAP from off-premise stations and stations behind business systems, where ANI is provided, it may provide the identity of the primary telephone service billing or lead number.
- DD. Any disputes between a caller and the customer as to standard service addresses are the customer's responsibility to resolve.
- EE. E 9-1-1 Service will be offered when customer service arrangements are in place. At that time, Basic (9-1-1) Service will be discontinued.

IV. LIABILITY

- A. The Company, and its directors, officers, employees and agents, shall not be liable for civil damages caused by an act or omission of the Company, its employees or agents in the:
- i. Good-faith release of information not in the public record, including unpublished or unlisted subscriber information to emergency service providers responding to calls placed to a 9-1-1 Service, or
 - ii. Design, development, installation, implementation, maintenance or provision of 9-1-1 Service other than an act or omission constituting gross negligence or wanton or willful misconduct.
- B. The Company's liability for civil damages to the customer or any person for interruption or failure of 9-1-1 Service shall be limited by the terms set forth in this section and in any sections of other tariffs which apply to the provision of 9-1-1 Service (or components thereof) by the Company.
- C. The Company, and its directors, officers, employees and agents, shall not be liable for civil damages, whether in contract, tort or otherwise, to any person, corporation or other entity for any loss or damage caused by any act or omission of the Company, its directors, officers, employees and agents in the design, development, installation, testing, maintenance, supervision or provision of 9-1-1 Service other than an act or omission constituting gross negligence or wanton or willful misconduct. Except for gross negligence and/or wanton or willful misconduct, the Company's liability to any person, corporation or other entity for any

loss or damage shall not exceed an amount equal to the prorated portion of the Company's applicable rates for the 9-1-1 Service or facilities provided by the Company to the customer for the time such interruption to service or facilities continues, after notice by the customer to the Company. No allowance shall be made if the interruption is due to the negligence, gross negligence and/or wanton or willful misconduct of the customer.

- D. The Company, and its directors, officers, employees and agents, shall not be liable or responsible for any damage arising from any cause whatsoever or any indirect, incidental or consequential damages associated with the provision of the 9-1-1 Service when any 9-1-1 call originates from a system or line which makes the provision of specific location information impossible to provide for technical reasons. These technical reasons can include, but are not limited to, technical inability to provide subscriber line data or ANI associated with multi-party lines, off-premise extensions or private telecommunications services, such as PBX's or shared tenant services, or calls originating from an interexchange carrier or another telecommunications company, or over Centrex lines or customer extended lines, or calls originating from cellular or other radio-based communications systems.

- E. The Company accepts no responsibility for obtaining subscriber record information from private telecommunications systems, such as PBX's or shared tenant services, except to the extent that such information is provided to the Company by the person or entity owning or managing such private telecommunications system and being the Company's subscriber of record with respect thereto. Where applicable to the type of 9-1-1 Service being provided, the Company

will integrate any records furnished to it by such subscriber in a Company-standard format for inclusion in a 9-1-1 database. However, by doing so, the Company makes no representation or warranty regarding the accuracy of the data provided to it by such subscriber and shall not be liable or responsible to any person, corporation or other entity for any damages, of whatever nature or description, arising from or related to any inaccuracy or incompleteness of such data or for any indirect, incidental or consequential damages associated with the provision of this data or the inclusion of such data in any 9-1-1 database.

- F. The Company, and its directors, officers, employees and agents, shall not be liable or responsible for any indirect, incidental or consequential damages associated with the provision of 9-1-1 Service when there is a failure of or interruption in 9-1-1 Service due to the attachment of any equipment by a customer or subscriber to Company facilities or a failure of or interruption in any facilities provided by any person or entity other than the Company.

- G. Except for Company acts or omissions constituting gross negligence or wanton or willful misconduct, the Company, and its directors, officers, employees and agents, shall not be liable for any mistakes, omissions, interruptions, delays, errors or defects or data errors in transmission or service caused or contributed to by the negligence or willful act of any person other than the Company, or arising from the use of customer-provided facilities or equipment or the facilities of another telecommunications company.

- H. Except for Company acts or omissions constituting gross negligence or wanton or willful misconduct the Company, and its directors, officers, employees and agents, shall not be liable or responsible for any indirect, incidental or consequential damages associated with the provision of 9-1-1 Service or any component thereof. The rates at which 9-1-1 Service, and the components thereof, are provided have been established expressly in reliance upon this limitation of liability.

- I. 9-1-1 Service (and the components thereof) is provided solely for the benefit of the PSAP. The provision of 9-1-1 Service by the Company shall not be interpreted, construed or regarded, either expressly or impliedly, as being for the benefit of or creating any Company obligations toward any person or legal entity other than the customer. The Company's tort liability, if any, to any third party shall be limited to instances in which the Company's conduct constitutes gross negligence or wanton or willful misconduct.

- J. In the event that any portion of this Section IV is determined by any court or other lawful authority to be unlawful, then such portion shall be deemed reformed to the minimum extent necessary to cure its unlawfulness, and the remainder of Section IV, together with the portion so reformed, shall remain in full force and effect.
